

# The Real Thing

[Russell Morris](#)

Come and see the real thing, come and see the real thing, come and see  
Come and see the real thing, come and see the real thing, come and see  
There's a meaning there, but the meaning there doesn't really mean a thing  
Come and see the real thing, come and see the real thing, come and see  
I am the real thing!Oo mama mow-mow (repeat x 4)Oo mama mama mama mama mama mow  
Tryin' hard to understand the meaning that you'll see in me  
Tryin' hard to understand the meaning that you'll see in me  
There's a meaning there, but the meaning there doesn't really mean a thing  
Come and see the real thing, come and see the real thing, come and see  
I am the real thing!Oo mama mow-mow (repeat x 4)I am not seeing you  
I am not seeing you  
Ahhhhh!I am the real thing!  
(ad-lib fade-out)
