

Our New National Anthem

Donnie

Your hand, my hand
We can make it to the promise land
I know we can show what it is to be truly american
Your race, my race
Come together and have a taste of the new day for the remix
Eventually the race dilemma we'll fix and

Everything it will be alright
Everything it will be just fine
Everything it will be

My hand, your hand
Maybe we can come to understand
Nine-eleven-o-one happened just to get our attention
Need just to fast and pray, light an incense and meditate on a
New day for the remix
Eventually the race dilemma we'll fix and

And everything it will be alright
Everything it will be just fine
Everything it will be

Your voice, my voice
Our world, our choice
Your land, my land
Our goals, our plans
My child, your child
Our future, our lives
Power to the people be forever more
Oh say can you see by the dawn's early light
Oh say can you see that

Everything it will be alright
Everything it will be just fine
Everything it will be

[Repeat]

My hand, your hand what it is to be truly American
