## Ol' Dirty Bastard

Land of anger, I didn't ask to be born  
Sadness, sorrow everything so alone  
Laboratory sickness infects humanity  
No hope for cure, die by technologyA world full of shit coming down  
Tribal violence everywhere  
Live in the age of terrorism  
We spit in your other faceWar of races, world without intelligence  
A place consumed by time end of it all  
We're born with pain  
No more we're dead embryonic cellsCorrosion inside we feel  
Condemned future we see  
Emptiness calls we hear  
Final premonition the truthLand of anger, I didn't ask to be born  
Sadness, sorrow everything so alone  
Laboratory sickness infects humanity  
No hope for cure, die by technologyWe're born with pain  
Suffer remains  
We're born with pain  
Suffer remains  
We're dead
