

Sister Sinead

[Kris Kristofferson](#)

Im singing this song for my sister Sinead
Concerning the god awful mess that she made
When she told them her truth just as hard as she could
Her message profoundly was misunderstoodTheres humans entrusted with guarding our gold
And humans in charge of the saving of souls
And humans responded all over the world
Condemning that bald headed brave little girlAnd maybe shes crazy and maybe she aint
But so was Picasso and so were the saints
And shes never been partial to shackles or chains
Shes too old for breaking and too young to tameIts askin for trouble to stick out your neck
In terms of a target a big silhouette
But some candles flicker and some candles fade
And some burn as true as my sister Sinead
