

Too Much of Anything

4Lyn

I free the child
That's locked up in me
Just to set the record straight
Talk shit on a daily basis
Tag my name all across your gates
Check out my new wardance
Grazed knees and dirty hands
Ready to take a stand
Down for whatever all because I can't stray, won't stay
Life itself is what I play
Display my way
In a rock 'n' roll self portrait
Too much of anything (makes you an addict)
Too much of me (gets you high)
You better be careful (what you wish for)
Cuz you might get it tonight No orders, no rules
I insist on my right to choose
Teacher, teacher, don't you dare
To school an individual that doesn't care
(While I'm doing my thing)
Step back and watch
(While I'm doing my thing)
Thanks very much
(Cuz it ain't not thing)
To make you stare
Now get the fuck outta here
Too much of anything (makes you an addict)
Too much of me (gets you high)
You better be careful (what you wish for)
Cuz you might get it tonight Too much of anything (makes you an addict)
Too much of me (gets you high)
You better be careful (what you wish for)
Cuz you might get it tonight While I'm doing my thing
Step back and watch
While I'm doing my thing
Thanks very much
Cuz it ain't not thing
To make you stare
Now get the fuck outta here Too much of anything

Too much of me
You better be careful
Cuz you might get it tonight Too much of anything (makes you an addict)
Too much of me (gets you high)
You better be careful (what you wish for)
Cuz you might get it tonight Too much of anything (makes you an addict)
Too much of me (gets you high)
You better be careful (what you wish for)
Cuz you might get it tonight
