Keep Pushin'

Nomadic Massive

Yeah, Yeah, Yeah
Try to see the silver lining
Losing sight of my horizons
Every stepâ€™s a gamble
And I am for real
Donâ€™t give up on perfect timing
We should both stop over lining
Every moves a scramble
But I am for real
Never had much
Never had it easy
Try to stay sane
But I swear stress is out to get me
I just got my blessings and life lessons
They keep growing strong
Til that day
Long as I can still hear that boy sing
Keep pushin, Keep on
Keep on lighting my way
Keep pushin, Keep on
Keep pushin, Keep on
Wonder whats like not to struggle
Never get lost in the shuffle
My life told me not to trust a thing
When no aceâ€™s in the deck
Had to work the hand I was dealt
Cuz victimsâ€™ songs donâ€™t ever change a thing
I know who I was
I know who Ill be
Before stress will ever come and end me
I just count my blessings and life lessons
Keep growing strong
Til that day
Long as I can still hear that boy sing
Keep pushin keep on
Keep on lighting my way
