

Smile

Portugal. The Man

I don't need to talk about the world, alright?
I just want to sleep with a smile tonight
And I don't want to talk about the hungry people
People down and out
Sleep when the sun goes down
When I wake up early in the morning
I don't watch the news
I just wake up with a smile by you
And I don't want to talk about the world
I just want to smile, and smile some more

We watch the sun come up
But take it down to hide it
It seems like the spring has come and gone
It felt like forever

I don't need to talk about the world, alright?
I just want to sleep with a smile tonight
And I don't want to talk about the hungry people
People down and out
Sleep when the sun goes down
When I wake up early in the morning
I don't watch the news
I just get up with a smile by you
And I don't want to talk about the world
I just want to smile, and smile some more

When I feel fine, I feel good
That's what happy people do
And how are you?

When I feel fine, I feel good
That's what happy people do
And how are you?

Let's watch the sun come up
To take it down to hide it
Seems like the spring has come and gone
It felt like forever

We'll watch the sun come up
To take it down and hide it
It seems like the spring has come and gone
It felt like forever

Wait 'til the summer comes
Then you'll find me there

I'd like to try to forget that times have changed
And we all live and die
Plastic soldiers, never growing older

I'd like to try to forget that times have changed
And we all live and die
Plastic soldiers, slowly growing older

And I'm sorry for the love you lost today
But I thank you for the love I know today

I'm sorry for the love you lost today
But I love you for the love I need today
