

# Are You Down

[Lucinda Williams](#)

Can't put the rain back in the sky  
Once it falls down, please don't cry  
Rain turns the dirt into mud  
Warm and messy, like your love Can't force the river upstream  
When it goes south, know what I mean?  
Nothin' will make me take you back  
Are you down babe, down with that? Can't put the rain back in the sky  
Once it falls down, please don't cry  
Rain turns the dirt into mud  
Warm and messy, like your love Can't force the river upstream  
When it goes south, know what I mean?  
Nothin' will make me take you back  
Are you down babe, down with that?
