

Career Suicide (Is Not Real Suicide)

Woods of Ypres

We were born to live, in a desperate time

Where it seems the death of dreams, is the end of life
But we have only one life to live, just one opportunity
And failure is not the end of the world, that's just society!
Career suicide is not real suicide, career suicide is
alright

Career suicide is not real suicide, career suicide is fine
We are all expendable, and we can be replaced
They have supplies of infinite lives, and no time to waste
But we have only one life to live, one time to exist

And though there is no afterlife (after all),

There is still more to life than this!
Career suicide is not real suicide, career suicide is alright

Career suicide is not real suicide, career suicide is fine

Career suicide is not real suicide, its not real suicide at all...

Career suicide is not real suicide, its not the end of the world...
Death is the failure of our parts,

Failure is just the death of dreams

There's more to life than success

But only death is real...**ONLY DEATH IS REAL!**
Death is the failure of our parts,

Failure is just the death of dreams

There's more to life than success

But only death is real...
Career suicide is not real suicide, career suicide is alright

Career suicide is not real suicide, career suicide is fine

Career suicide is not real suicide, its not real suicide at all...

Career suicide is not real suicide, its not the end of the world...

Its not the end of the world.
