Physical Love

Bootsy Collins

Physical Love

You're so sexy I'm so hot
Feeling real I want what you've got
I have no guilt you have no shame
Any Means to avoid the pain
You're so freaky I'm so horny
Your good love you laid it on me

Physical love could not be real
Its a sin the way we feel
(We almost believe them)
Physical love will never grow
all we miss would one day show
(We really don't know love)
Sexually we could relate
Knowing then you were the perfect mate
(We could feel it)

4 bar break

They treat us like getting smooth
You might just be the biggest fool
(But I do Love you)

You're so sexy I'm so hot
Feeling real I want what you've got
I have no guilt you have no shame
Any means to avoid the pain

Physical Love is not from above
When the Novelty's gone then so is love
(We could not hear that)

Physical love will never grow
Our weakness would one day show
(We just didn't know that)

Sexually we could relate
knowing then you were the perfect mate

(We could feel it)

(16 Bar break)

You're so sexy I'm so hot
Feeling real I want what you've got
You're so freaky I'm so horny
Your love you laid it on me

(8 Bar break)

Keep walking side by side
Stepping two by two
Keep walking side by side
Baby just me and you

Keep walking side by side

(4 Bar break)

Keep walking side by side (Keep on walking)
Stepping two by two
Keep walking side by side baby just me and you (Keep on walking)
