

Biggest, Greatest Thing

Mary Mary

Some people believe that the sky is the highest thing in life
But I believe it's just the highest thing they've seen
Well, you better believe there's someone beyond that big blue thing
And He's the biggest, greatest thing
The biggest, greatest thing I've never seen
Now it's been said there's nothing deeper than the ocean's deep
But could it be that's just too far for the human mind to think?
But I know someone more intelligent than words can speak
And He's the biggest, greatest thing
The biggest, greatest thing I've never seen
The moral of the story is that there's someone
That's definitely bigger, greater than your mind could think
I know that you were wondering
If everything we're saying here is make believe, but it's reality
And if you look around, He's everywhere to be found
'Cuz He's the biggest, greatest thing
The biggest, greatest thing I've never
I know one day I'll see His face, man, I can't wait
