

Rubber boots

[tdBt](#)

This stream is rough, rough,
Tough luck.

Hang on, and try, try
To keep your head above.

Go put
Your rubber boots on,
Your rubber boots on,
Stand up
Walk on.

And go put
Your rubber boots on,
Your rubber boots on,
Stand up
Walk on.

This rain is wild, wild
Heavy, heavy, heavy.

And it's all coming down, down
On me, on me.

So go put
Your Mackintosh on,
Your Mackintosh on,
Stand up,
Walk on.

And go put
Your Mackintosh on,
Your Mackintosh on,
Stand up,
Walk on.

You should wear rubber,
Always wear rubber,
You should wear rubber,
Always wear rubber,

You should wear rubber,
Always wear rubber,
You should wear rubber,
Always wear rubber.

This stream is rough, rough,
Tough luck.

Hang on, and try, try
To keep your head above.

So go put
Your rubber boots on,
Your rubber boots on,
Stand up
Walk on.

And go put
Your Mackintosh on,
Your Mackintosh on,
Stand up,
Walk on.

You should wear rubber,
Always wear rubber,
You should wear rubber,
Always wear rubber,
You should wear rubber,
Always wear rubber,
You should wear rubber,
Always wear rubber.

Those were the words and now you give them to me,
Give them to me and now you give them to me.

Those were the words and now you give them to me,
Give them to me and now you give them to me.

Those were the words and now you give them to me,
Give them to me and now you give them to me.

Those were the words and now you give them to me,
Give them to me and now you give them to me.

Those were the words and now you give them to me,

Give them to me and now you give them to me.

Those were the words and now you give them to me,
Give them to me and now you give them to me.

Those were the words and now you give them to me,
Give them to me and now you give them to me.

Those were the words and now you give them to me,
Give them to me and now you give them to me.
