Good Love

Breaking Grass

They said that we were crazy
We would never make it
Look at us baby
We're still holdin' on
They said it wouldn't work 'cause
We didn't know what love was
Now they wanna be like us
'Cause our love is strong

And I know we've seen tough times
But I'm still yours and you're still mine

Oooooooh good love
It's a little bit sweeter
A little bit deeper than it ever was
Oooooooh don't give up
If The Lord's blessed you
With good love

I'm glad we didn't listen
Look what we'd be missin'
All the huggin' and the kissin'
All the miles we've seen
I know it wasn't easy
Baby just believe me
I would never trade any
Of those memories

And I know we've seen tough times
But I'm still yours and you're still mine

Oooooooh good love
It's a little bit sweeter
A little bit deeper than it ever was
Oooooooh don't give up
If The Lord's blessed you
With good love

I got all that I need

When you're standing by me

Ooooooh good love
It's a little bit sweeter
A little bit deeper than it ever was
Ooooooh don't give up
If The Lord's blessed you
With good love
