

# All In All

## Eugene McGuinness

As the city shines in your shades  
Sharper than a razor blade  
We'll make our own little getaway  
Come on I'm thrown javelin forever flying  
Always travelling never arriving  
So open up your arm and I'll dive in  
Come on I've spun the planet like a ball  
Watching everyone I've ever loved fly off  
With the bullet of blame shot  
You can't shower that stain off at all You've my navigation, you've my radar  
And I blindly haunt this compass star  
Just tell me exactly where you are  
And I'll come running, running [2] Because I've spun the planet like a ball  
Watching everyone I've ever loved fly off  
With the bullet of blame shot  
You can't shower that stain off at all Where you been hiding?  
Yeah the hurricane hit  
And it was violent  
I needed a bit  
Of your daredevil diving  
Your Gemini Ivy  
That's all, that's all  
Are we dividing?  
Is the odyssey dead?  
The satellites and the rockets we kept  
In the hangers and basement  
For future engagements  
Have all been recalled All in all  
All in all  
All in all  
I like you  
All in all  
All in all  
All in all  
I like you As the city shines in your shades  
Sharper than a razor blade  
We'll make our own little getaway  
Come on
