Weakness

Faktion

Weakness, a new friend of mine
I'm searching for the state of mind
Your weakness, had to break inside
Don't leave me
You are killing again
AgainUntil the end of time
'til I lose my mind
Remember me
I'll be alright
Don't follow me
Cause you're my weaknessNumbness
I'm afraid to see (to see)
Everything (there's nothing to see)Then follow me
Cause I'll bring you downI'm crashing
I'm burning for you
I'm running away
I'm running awayUntil the end of time
'til I lose my mind
Remember me
I'll be alright
Don't follow me
Cause you're my weaknessWell everything's alright
You worry inside
Force your thoughts before things
Above things everytime
Well everything's alright
You won't stand out tonight
Force your time before
I'm alright, everytime(Guitar solo)Until the end of time
'til I lose my mind
Remember me
I'll be alright everytime
'til I pass you by
And wonder why
There's nothing here
I'll be alright, yeah
Don't follow me
Cause you're my weakness
