

# I Feel Sanctified

## Commodores

Yeah, I feel sanctified  
Yeah, I feel sanctified  
Yeah, I feel sanctified I just left my baby's house  
And I got the strength I needed  
Knowing that the beast of man  
Is very hard to please I'm so glad the sun is shining  
To brighten up the day  
Cause behind last night  
I see things in a different way Yeah, I feel sanctified  
(Feel it, feel it my soul, yeah)  
Yeah, I feel sanctified She led me to the brink of love  
And no words could ever describe  
Oh, when you get that kind of loving  
It's a blessing to be alive Ooh, the sacred feeling  
Just blows through my soul  
Searching for sanctuary  
To rested my ??? Yeah, I feel sanctified  
Yeah, I feel sanctified  
Yeah, I feel sanctified
