Some Way Through This

The Black Ghosts

Why did you leave that message on my phone?
Was it from your head?
'Cause I don't know what I done to earn it
You could be right hereWould say what you mean?
Would you wait until I'm gone?
And you are lonely
And you blame me for never understandingAnd if this house was on fire, would you tell me your desire?
If my hands were 'round your throat
Would you tell me what I need to know?
There must be some way, some way through thisIf the sky was falling down, would I see behind that frown?
If cold steel touched your skin
Would you finally stop and let me in?
Tell me baby, how to get through this?And I done my time in the firing line
And I paid my dues hanging from a noose
And I'll do whatever it takes to put a smile upon your face
I will do whatever it takes, I will do whatever it takesIf this house was on fire, would you tell me your desire?
If my hands were round your throat
Would you tell me what I need to know?
There's got to be some way, some way through thisIf the sky was falling down, would I see behind that frown?
If cold steel touched your skin
Would you finally stop and let me in?
Tell me baby, how to get through this?
