

# How's Your Head?

## Third Day

Sorry, I had to go away  
Tomorrow's just another day  
Without you here, I'll have to say  
How's your head? I'm so sorry  
That I can't do anything about it  
Like I said, I'll be praying  
Here without you I feel helpless  
Sorry, I had to go away  
Tomorrow's just another day  
Without you here, I'll have to say  
Hold on to love  
How's your day? Do you miss me?  
Right now, I've only a minute  
I called to say, well, I'm so sorry  
And once again I feel helpless  
Sorry, I had to go away  
Tomorrow's just another day  
Without you here, I'll have to say  
Hold on to love, hold on to love  
God forbid, we'd be apart  
How close or shall I ask how far  
Are we until the demise  
Of this helplessness  
Sorry, I had to go away  
Tomorrow's just another day  
Without you here, I'll have to say  
Sorry, I had to go away  
Tomorrow's just another day  
Without you here, I'll have to say  
Hold on to love, hold on to love  
Hold on to love, yeah
