

# Got You On His Mind

## The Subdudes

This love for you, it cannot hide  
This love is deep, deep inside  
He's got you on his mind  
To think about it, would wreck his mind To let it go, would free his soul  
But he's got you, he's got you on his mind  
But he's not worried, no, he's not worried  
And he's not wonderin', no, he's not wonderin' Lord, he's not worried, no, he's not worried  
He's got you, got you, he's got you on his mind  
I see you as an island filled with gold  
For your love, I tried, but I couldn't hold But he's got you, got you, he's got you on his mind  
To think about it, Lord, would wreck his mind  
And to let it go would free his soul  
But he's got you, got you, he's got you on his mind But he's not worried, no, he's not worried  
And he's not wonderin', no, he's not wonderin'  
Lord, he's not worried, no, he's not worried  
He's got you, got you, he's got you on his mind
