Gravedancer

Throneum

She's all that I see and all that I breathe
Take a breath and hold her in as the shadows whispering
I can hear the laughter, knowing what they're after
And while she flies beside me, a man with broken wings
Take, take a look around, she's a pretty good dancer
She dances on my grave
Every time it goes down, every time she comes down
Every time we fall down, she dances all over me
She's the world in my feet, the sun that gives see
Take a rest and hold her near or she'll float away from here
'Cause I'm knowing what you fearing, an unsentimental jury
And every mile I guide you, I watch over everything
Take, take a look around, she's a pretty good dancer
She dances on my grave
Every time it goes down, every time she comes down
Every time we fall down, she dances all over me
And every time that we fail is just another long wasted night
And the dance that we do is just another way for you to roll over me
And the bed that we're sharing is the home that I wanna bring you
Wanna feel you, oh, I don't wanna hear you
Take, take a look around, she's a pretty good dancer
She dances on my grave
Every time it goes down, every time she comes down
Every time we fall down, she dances all over me
She dances all over me, she dances all over me
She's a pretty good dancer
Take, take, take a look around, she's a pretty good dancer
Pretty, pretty, pretty dancer
Every time she comes down, she comes down, comes down
