Good Girls

Elle King

[Elle]
I've been dancing in a the devil's dirt
I'm a whole lot of trouble in a iddy biddy skirt
Well, the best kind of loving is one that hurts
You can get your kicks, but I'll get mine first
I can take you down when the damn gets wild
There's a whole lot of sinning
But the greener from the streets
On the 6, there's a number that you dial
You can be like me but I'm a real bad child
I do, what the good girls don't
I do, what the good girls don't
I do, what the good girls should never ever, never ever doHey hey hey
Since I'm gonna go to hell anyway
I'll go out with a bang bang bang
Crash and burn in all the way
Hey hey hey
Since I'm gonna go to hell anyway
I'll go out with a bang bang bang
Crash and burn in all the wayWell, I walk in the light,
And I lived in the sun
Now I die for the night
'Cause the days are done
I kissed a couple angels
But it wasn't much fun
So I shake shake shake it with an evil tongue
I do, what the good girls don't
I do, what the good girls don't
I do, what the good girls should never ever, never ever doHey hey hey
Since I'm gonna go to hell anyway
I'll go out with a bang bang bang
Crash and burn in all the way
Hey hey hey
Since I'm gonna go to hell anyway
I'll go out with a bang bang bang
Crash and burn in all the wayI do, what the good girls don't
I do, what the good girls don't
I do, what the good girls should never ever, never ever doHey hey hey
Since I'm gonna go to hell anyway

I'll go out with a bang bang bang
Crash and burn in all the way
Hey hey hey
Since I'm gonna go to hell anyway
I'll go out with a bang bang bang
Crash and burn in all the wayI do, what the good girls don't
I do, what the good girls don't
I do, what the good girls should never ever, never ever do
