

# Crystal Ball

## Uriah Heep

Do we live our lives in moderation?  
Does this appear  
When you're around?  
And the deeper in debt  
The harder the bet  
Your thoughts are one of a clown  
Look out before you sign  
Your soul away  
The crystal ball, it seems  
Is not reading to - reading today  
Does the time seem right  
For some rethinking?  
It seems a gift that you have  
Are you living a dream  
Of express progress?  
It's just a thought that you have  
Oh, you should've know better  
When the warning light was lit  
As it did for others  
You preach a sermon  
When you talk of the messiah  
We are yet to discover
