

Stand Up Featuring D Tale

The PB Underground

Stand up
it's gonna be alright
Stand up
it's gonna be alright

Men pay for money
Money never leaves for me
My souling something
Today forever change in your hairs

They tried to size the grand my sub nation net donation
All the tuitions let the top weekend hold on conversation
Don't be getting by the love for young one family underneath the sun sweating love you needly

(ā,μāf“)
Stand up
Don't hesitate
It can put your waiting nothings man made
Stand up
Don't be getting by the love for young one family underneath the sun sweating love you needly
Let's get together for the last day

Oh yeah

Unchanging is coming yeah..
Uh there is whisper in the air
One has the heaven
All the people role bouts care

Don't be getting by the love for young one family underneath the sun sweating love you needly
Malls to survive is gone the tate some dedication
Comes in getting by the love for young one family underneath the sun sweating love you needly

Stand up
Don't hesitate
It can put your waiting nothings man made
Stand up
Don't be getting by the love for young one family underneath the sun sweating love you needly
Let's get together for the last day

Stand up
Don't hesitate
it can put your waiting nothings man made
Stand up
Don't procrastinators
Let's get together for the last day oh

Stand up
If you believe them
we can make it surprise together
Stand up
If you believe them
we can make it by...

Stand up
If you believe them
we can make it surprise together
Stand up
If you believe them

Stand up
Don't hesitate
it can put your waiting nothings man made
Stand up
Don't procrastinators
Let's get together for the last day

Stand up
Don't hesitate
it can put your waiting nothings man made
Stand up
Don't procrastinators
Let's get together for the last day
Stand up
we can make it by together

everybody's standing up, stand
everybody's standing up, stand
everybody's standing up, stand..

we can make it by together, stand
we can make it by together, stand
