

Let Me Be the One

Sasha

You are all I ever need, oh
And I still wonder what I'd be
Without you to hold me when I call, yeah
Would I be anything at all
Sometimes I wonder what a fool I've been
Please open up your arms and let me in Ah let me be the one for you
Ah let me be the one for you You have touched me with your eyes
Likes no one else has touched me
It's funny but you know that
I can't take you by surprise
It's just the way it should be
I think by now you know me I've been too blind to see what I have found
But all I know is I need you around Ah let me be the one for you (oh)
Ah let me be the one for you
(I wanna be the one for you) Let me be the one
(I wanna be the one for you)
Together be the one (oh) Sometimes I wonder what a fool I've been
Please open up your arms and let me in (let me in) Ah ah Oh
Ah let me be the one for you
Ah let me be the one for you
(I wanna be the one for you)
Ah (oh, oh) let me be the one for you
(All I ever need, oh yeah)
Ah (hold me when I cold) let me be the one for you
(I wanna be the one for you) Let me be the one
(I wanna be the one for you)
Together be the one (oh, no one but you)
Let me be the one (hold me when I cold, baby)
Together be the one (oh)
