Carnival

Ghost Town

Knock all you want, I got your hand in mine,
Gonna take you for a wild ride,
I hope that you can handle my humor,
Knock all you want, 'cus I'm running around,
Can you take what I'm dishing out? I know you heard all these rumors,I want the bad the worst in you,
You disgust me but I still want some,
what if i wish that it didn't have to be this way?You cut me deep, you hurt me bad
Somehow your pain, is making it alright,
I need escape, I need you right now (right now)
Just talk to me, and tell me I'm alrightYou make my stomach turn, your kiss make my tongue burn
I hope you know I want you around, you're just my kind of girl,
come one, come on and gather round,
it's time to unveil this romantic tragedyI want the bad the worst in you,
you disgust me but i still want some
what if i wish it didn't have to be this way?You cut me deep, you hurt me bad,
Somehow your pain, is making it alright,
I need escape, I need you right now (right now)
Just talk to me, and tell me I'm alright.Take me back to when I first laid eyes on you,
back before all this bullshit you put me through,
Take me back to when i first laid eyes on them bones,
Back before all this bullshit you put me through,You cut me deep, you hurt me bad,You cut me deep, you hurt me bad,
Somehow your pain, is making it alright,
I need escape, I need you right now (Right now)
Just talk to me, and tell me I'm alrightJust talk to me, and tell me I'm alright,You cut me deep, you hurt me bad,Just talk to me, and tell me I'm alright,
