

# Girl

## Whitesnake

I have never known a woman  
Who loves me like you do  
You treat me like a dog  
And make me shake my tail for you I know the game you're playing  
When you're turning all your tricks  
It's written on your face  
You just want your business fixed No, I don't need a crystal ball  
To see what's in your mind  
If I don't give you what you want  
You treat me so unkind But if I'm good and give you love  
You throw me down a bone  
But if I'm bad you make me sad  
And leave my love alone Pretty little crazy white girl  
Just a pretty little crazy white girl  
Pretty little crazy white girl  
Girl, girl Pretty little crazy white girl  
I know, baby, you ain't fooling  
With all your high class schooling  
You want everything your own way If I could, I would  
Do every little thing  
A good man should  
Baby, I'd really give it to you every day Pretty little crazy white girl  
Just a pretty little crazy white girl  
Pretty little crazy white girl  
Girl Mean mistreater  
There ain't no one to beat you  
But you treat me so bad I've never known a woman  
Who loves me like you do  
You treat me like a dog  
And still I shake my tail for you Pretty little crazy white girl  
Just a pretty little crazy white girl  
Pretty little crazy white girl  
Girl, girl Pretty little crazy white girl  
Girl, she treat me so bad  
Pretty little crazy white girl  
Girl, come on, baby Pretty little crazy white girl  
I love the way you make me  
Girl, pretty little crazy white girl  
Girl, pretty little crazy white girl
