

# I Know a Place

**Joe Bonamassa & John Hiatt**

I know a place where the dogs ain't barking  
I know a place where the sun don't shine  
I know a place where the girls do the talking  
In the back of my mind, in the back of my mind  
I know a place, little thirteen year old cousin  
Blood running high, got a knife in his hand  
No daddy wouldn't do, yeah, those things to his mama  
So he opened that blade and he stabbed that man  
He opened that blade and he stabbed that man

I know a place and it goes no further  
Than where you are, when you leave it behind  
One piece of advice from one son to another  
Get out of your mind, get out of your mind  
Get out of your mind, yeah  
I know a place, I know a place, oh
