

Best Friend's Arm

Pavement

 ? ? ? liar
 (I can see, I can see, I can see, I can see)
 ? ? ? ? ah come on, let's go
(I can see, I can see, I can see, I can see) Yeah baby I've lost ? ? ? ?
 (I can see, I can see, I can see, I can see)
 Everybody looks like
 (I can see, I can see, I can see, I can see)
When you lay that down with an eight-eight track, everybody laughs
 But they don't know what you're sayin'
 (I can see, I can see, I can see, I can see)
 ? ? ? I guess if not...
(I can see, I can see, I can see, I can see) Keep it under your best friend's arms [x9]
 Keep it under
