# Drowning in It

## Ãœnloco

Why are we here? I always seem to ask myself
Question averted by the thought of someone else
And I am hopelessly done with the things that I have tried to do
Should I give up and let the way just fall on me
Day by day, I struggle endlessly
There's nothing right, there's nothing good about this
There's nothing right, there's nothing great about this life
And I will never know, how it's supposed to be
I keep fighting with the visions inside my head
I used to feel so much better than today
I should be laughing but instead I'm just a mess
It's not right, it's not right to feel this way
I keep running with the visions inside my head
I don't know how much I could take a thing
And now I feel, I'm so drowning in it
It's not right, it's not right to feel this way
So you're gone, what are we supposed to do?
I told myself not to care a through and through
And all this times seems so wasted
When in the end it was all for nothing
There's nothing right 'cause I'm in a fake madnessy
There's nothing right 'cause I'm in a fake misery
There's nothing right, there's nothing good about this
There's nothing right, there's nothing great about this life
And you will always be, another fake part of me

I keep fighting with the visions inside my head
I used to feel so much better than today
I should be laughing but instead I'm just a mess
It's not right, it's not right to feel this way
I keep running with the visions inside my head
I don't know how much I could take a thing
And now I feel I'm so drowning in it
It's not right, it's not right to feel this way
Why do I always feel this way?
And why do I always feel this way?
Why do I always feel this way?
And why do, and why do
And why do, and why do

I keep fighting with the visions inside my head
I used to feel so much better than today
I should be laughing but instead I'm just a mess
It's not right, it's not right to feel this way
I keep running with the visions inside my head
I don't know how much I could take a thing
And now I feel I'm so drowning in it
It's not right, it's not right to feel this way
I keep hiding but drowning in it
And I keep hiding but drowning in it
And I keep hiding but drowning in it
And I keep, and I keep drowning in it
