

# Out The Door

**Ben Kweller**

?You?ll never believe this?  
It happened today baby, my final revelation  
You?re the reason for this broken nation?  
Broken dreams don?t die  
Here I go out the door  
I don?t need no more  
Here I stand, I got your hand  
There?s no need to know which way to go  
It?s her versus him  
It?s us against them  
You sink or swim or you?re swallowed  
You bleed ?til yer bled  
You feed ?til yer fed  
You lead or ye led to be followed  
All you can do is try

Here I go out the door  
I don?t need no more  
Here I stand, I got your hand  
There?s no need to know  
Which way to go, honey  
I don?t mind, I don?t mind  
Which way to go, honey  
I don?t mind, I don?t mind  
I really don?t mind.  
Here I go out the door  
I don?t need no more  
Here I stand, I got your hand  
There?s no need to know  
Which way to go out the door  
I don?t need no more  
Here I stand, I got your hand  
There?s no need to know  
There?s no need to know
