Big Scary

Your life was new
But you waited far too long
You waited now it's gone
We store our secrets down
We store our secrets downKnew I was meant to fade
'Cos my heart is weak and legs don't go
I'm paint against a wall
But the pain ain't there at all
And so I feel I should stay put
You store your secrets down
Your life was new
But you waited far too long
You waited now it's gone
We store our secrets down
We store our secrets downA mind that knows so much
Don't know how much time does steal us
No child anymore, no game to stop you
No hand upon the door
And so I feel I should stay put
You store your secrets down
Your life was new
But you waited far too long
You waited now it's gone
We store our secrets down
We store our secrets down
