# Rest Your Hand

## Headstone Epitaph

[Tim: the first song i wanted since years to be straight, fast and melodic..]
[it's About my belief in eternal love and friendship.][vers:]
you are alone and so am I
why don't we live together always
and then be my best friend forever and ever
we are so close
no one would dare to come between our love
take my hand
and then i swear to
rest your head
[ref:]
rest Your head on my shoulder
rest your head on my shoulder
I wanna hold your hand
until the promised land
at the horizons' sea
so far away it seems
[vers:]
something in me said
it's for always
I'm not to blind to see
it's for always
[ref:]
rest your head on my shoulder
rest your head on my shoulder
I wanna hold your hand
until the promised land
at the horizons' sea
so far away it seems
[vers:]
you are the one for me
no doubt about
we believe there is nothing
instead to hold your hand
and rest your head
