So Much

Grant-Lee Phillips

What do you want that you cant have
So high on the vine that you cant grab
There's so much, so much here, so much here for the takin
So much here, so muchWhat do you want that you cant reach
Open your heart theres plenty for each
So much, so much here, so much here for the taking
So much here, so muchWell, theres so much hereWhat do you want that you cant name
But havent you learned theres a gift in the pain
So much, so much here, so much here for the taking
So much here, so much
