Wrap My Wings

Bang Tango

Shiny angel unwraps his wings
Clear glass cloud floats over my head
I float through space
It don't mean a thing

I hear the echos of my friends
I fell down from floor forty-nine
Hit the ground going fifty-five
Silent night breaks my fall

As my friends said - boy, you're dead
I'm back
Wrap my wings around your heart
Send the bad ones down

Wrap my wings around your heart
Bring the good to town
Wrap my wings around your heart
Mother mary calls my name

Sends me down pure and clean
I see you all standing around
As my soul touches down
Your heart's laced with silver and gold

You're innocent so I'm told
I reach out take away your frown
And now the evil running scared
I'm back

Wrap my wings around your heart
Send the bad ones down
Wrap my wings around your heart
Bring the good to town

Wrap my wings around your heart
I'll wrap them around your heart
