Universal

Nate James

See now im not the picky type,
but im gonna go out and get whats mine
got to quest my appetite,
so much choice yeah so little time.Some may think that im easy,
unlike some guys are hard to please
wanna set my record straight,
cos its not about escaping.BRIDGEim not feeling lonley,
im just biding my time
im searching for my beauty,
what im sure will be just mine
dont fuss about her,
just looking for a good time
if you wanna come see me,
dont hesitate girl.CHORUSI keep it universal,
just want to get my front on
no need for no rehersal,
i wanna see the final show.
Just keep it universal,
i play the game to win (oh)
no need for no rehersal,
seen everything i need to know.
Cos im keeping this universal.VERSESometimes feel you got me wrong,
wont come get your conversation on
feel im quite approachable,
dont let my propriate get out no
in time ill settle down,
then my queen can share my crown
but for now just gonna go out,
cos i dont know what im missing.BRIDGECHORUSNo im not feeling lonely,
im just biding my time
gonna search for my beauty,
what to call just mine.
No i dont fuss about her,
im just taking my time
if you want to come see me,
wont you hurry up.
(ohhh)(yeah)CHORUS.
