Camel

In the time it takes to laugh,
love can turn the key.
Crystal clear the future lies
and what will be will be.Don't hold it back,
take the chance you missed.
Don't hold it back,
fill the emptiness.Soon the time to say farewell,
will come with no return.
Older now but wiser from
lessons we have learned.Don't hold it back,
take the chance you missed.
Don't hold it back,
fill the emptiness.
