

Shine On

Alcazar

I've been searching every nightclub
From Marais to Montparnasse
Clouds above are crying
I'm a stranger you can trust
Heartaches, I'm escaping
Love that's gone insane
Fountains heal the heartache Paris in the rain
Paris in the rain
Menage a trois
Paris in the rain
Paris in the rain
Menage a trois Where I love to love you
Where I love to love you
Where I love to love you
Where I love to love you Catwalk something Gautier
Looking sharp in a McQueen
Dior Galliano
Share the glamor of the scene
But seasons have an ending
And the glamor was in vain
Fountains heal the heartache Paris in the rain
Paris in the rain
Menage a trois
Paris in the rain
Paris in the rain
Menage a trois Where I love to love you
Where I love to love you
Where I love to love you
Where I love to love you Menage a trois
Menage a trois Sailing through ovations
At a fashion year's awards
Then she's crying to the airport
From Place de la Concorde
It's a city built on romance
Love that's gone insane
Fountains heal the heartache Paris in the rain
Paris in the rain
Menage a trois
Paris in the rain

Paris in the rain
Menage a troisWhere I love to love you
Where I love to love you
Where I love to love you
Where I love to love youParis in the rain
Paris in the rain
Menage a trois
Paris in the rain
Paris in the rain
Menage a trois
