

# Celestica (J.Nitrous Dubstep Remix)

## Crystal Castles

As we fall into sequence  
And we're eating our young  
Remain silent and still for modesty  
When the splints have been broken  
And they can't help you now  
Do you pray with your eyes closed naturally Follow me into nowhere  
Woven with the utmost care If I'm lost please don't find me  
If I jump let me sink  
We descended from no one  
With a wink When it's cold outside hold me  
Don't hold me  
When I choose to rest my eyes coax me  
Don't coax me  
When it's cold outside hold me  
Don't hold me  
When I choose to rest my eyes coax me  
Don't coax me Follow me into nowhere  
Woven with the utmost care Have they cleansed you with chloride  
And scrubbed behind the knees  
Has your body been hollowed by the breeze
