Nowhere Fast

Head Automatica

I needed just a hit, one hit
It's a very little hit, I'm sure I won't like it
I needed to be heard
One hit would send me flying
I got away with murder
Last night in the parking lot
In cold blood I have murdered
Parts of us that we forgot
I walked into a kiss, one kiss
From the very lovely miss who lives to fulfill my wish
I needed to be hurt
One kiss would send me flying
I got away with murder
Last night in the parking lot
In cold blood I have murdered
Parts of us that we forgot
I will be going nowhere
I will be going nowhere
I will be going nowhere
Nowhere fast
I will be going no, I will be going no
I will be going no, I will be going no
I will be going nowhere
Nowhere fast
I had to write a hit, one hit
It's a very little hit, I'm sure you won't like it
I needed to be heard
One hit would send me flying
I got away with murder
Last night in the parking lot
In cold blood I have murdered
Parts of us that we forgot
And in the end I grant you
A farewell and final kiss
I got away with murder
Who's the next to make the list?
I will be going nowhere
I will be going nowhere
I will be going nowhere

Nowhere fast
I will be going no, I will be going no
I will be going no, I will be going no
I will be going nowhere
Nowhere fast
