

Does Anybody Know

Fool's Garden

Today my baby left me with a smile upon her face
she was talking japanese about some individual space
and now I find myself inside this jumbo bed

I cannot eat not sleep nor move
Oh god I feel so sad Why did you do it ?

She said : lift up your head my boy
Why did you do it ?

You know there ain't no need to cry
Why did you do it ?

It will be funny when I die Does anybody know ?

Can anybody say ?

Will she ever come

Back in anyway ?

Does anybody know ?

Can anybody say ?

Will she ever come

Back in anyway ?

Yeah, yeah, yeah ! She didn't even realize that I changed my mind today

Oh god she was as cold as ice and she didn't melt away

When I told her she's the only one and I would always love her

She said I'll always love you too my boy but more just like a brother Why did you do it ?

She said : lift up your head my boy
Why did you do it ?

You know there ain't no need to cry
Why did you do it ?

It will be funny when I die Does anybody know ?

Can anybody say ?

Will she ever come

Back in anyway ?

Does anybody know ?

Can anybody say ?

Will she ever come

Back in anyway ?

Yeah, yeah, yeah
