# Infliction/Affliction

## Rose Cora Perry

No safehouse for me
No freefall for you
No escape for me
I canâ€™t be unglued
No saviour today
Destructionâ€™s everywhere
It sickens my taste
Youâ€™re so unaware
Itâ€™s all about power
Itâ€™s all about fame
Itâ€™s the lust of life
This tainted way

You have all the control
And I shy to your throne
You crushed them all
And I cry alone

Chorus: Youâ€™re my infliction
Iâ€™m your affliction
Youâ€™re my addiction
Iâ€™m your disease

You twisted my heart
Youâ€™re my one escape
I hated your ways
but fell victim to that hate
I needed you there
You let me fall to my knees
You murdered my soul
And I become your disease

I thought we were through but you pushed back again
I lost all my senses, you killed my defense
It all over now, let it fade away
I entered your world and youâ€™ve gone astray

No safehouse for me
No freefall for you
No escape for me

I canâ€™t be unglued
