Peace Of Mind

Yonder Mountain String Band

Look at this and look at us
We wonder, oh we're wondering
I don't like to say we're lost
Try my best with needing us
Build a ladder to the sky
Sit up there and say, oh my
Does looking down make me a queen?
All the sorrow that I see
If I ever get back down
Find a map that takes me back
Through the wounded, through the wars
To a time that came before
To hover bored into the sun
Come back when my time is done
A mother for this childless world
An arrow of light for every boy and girl
Peace of mind
Peace of mind
Peace of mind
Peace of mind
Peace of mind, oh
Peace of mind, oh
Peace of mind
