When The Darkness Comes

Colbie Caillat

Underneath the echoes
Buried in the shadows
There you were.
Drawn into your mystery
I was just beginning
To see your ghost,
But you must know

Iâ€™ll be here waiting
Hoping
Praying
That this light will guide you home.
When youâ€™re feeling lost
Donâ€™t leave, my love
Hidden in the sun,
For when the darkness comes.

Now the door is open,
The world I knew is broken.
With no return.
Now my heart is not scared,
Just knowing that youâ€™re out there.
Watching me.
So believe

Iâ€™ll be here waiting
Hoping
Praying
That this light will guide you home.
When youâ€™re feeling lost
Donâ€™t leave, my love
Hidden in the sun,
For when the darkness comes.
For when the darkness comes.

Be here waiting
Hoping
Praying that, this light will guide you home.
When youâ€™re feeling lost donâ€™t leave, my love.
Hidden in the sun, for when the darkness comes.

Hidden in the sun, for when the darkness comes.
