From the Heart

From The Heart

From the heart, I wrote this song for you, everyday, I live my life for you.

Yesterday, you left me standing there, full of love the one I longed to share.

I tried so hard, to take good care of you, but there were times, I knew not what to do.
I just want to say, that I love you so, and in away that you will always know.

Iâ€™m here for you, no matter where you go, and hope one day, that you will make it home.

And from the heart, I wrote this song for you, for you my child, I live my life for you.
