Holding On

Floorpunch

We grew so much together
And all those fucking times we shared
We'll hold onto them forever
You were the one person who always cared
We'll work things out together
You were here right from the start
The last few years I'll remember
With that special place in my heartYou're the one person I can't afford to lose
I know we've seen so much together
I know we've paid our fucking dues
Holding on to you is so important to me
I won't be let down, you'll be here constantly
In the end when it's all said and done
I can look over my shoulder
And I know she'll be the one
