Waking up it feels like everything is going my way
I've got my boy right by my side
Right down here where we lay
Today we go down the beach just to see
The sun shine despite the forecast telling us it's gonna rain all the time
We don't take that many pictures
'Cause we're to buy having fun fun fun fun fun
Instead of looking back at photos in an album
We just look forward whilst you canAnd we're too busy having fun
For anything to disrupt us you know that I trust you
And we're too busy having fun running around
And we're too busy having fun for anything to destroy what I have with my boy
We're too busy having fun fun fun fun funBefore we met I never had luck in relationships
They said i'm needy said i'm hateful but now i'm over it
'Cause when we go down to the beach just to see the sun shine you hold my hand and it feels nice and I know
you are mine
And even though i'm getting older
You never make me feel like twenty two means no fun
Except for times you say i'm acting like your mother
You know you are my only oneAnd we're too busy having fun
For anything to disrupt us you know that I trust you
And we're too busy having fun running around
And we're too busy having fun for anything to destroy what I have with my boy
We're too busy having fun fun fun fun funIf I had my way i'd always make you happy
If I had my way you'd be the one I marry
I have no doubt one day you're gonna sail away from me
Across the ocean far away from all my jealousy
But when I look at you and you are lying next to me
I cannot help but think of all the possibilities
And we can see the world and sit here in our underwear
'Cause when i'm with you I remember that I really don't care'Cause we're too busy having fun
For anything to disrupt us you know that I trust you
And we're too busy having fun running around
And we're too busy having fun for anything to destroy what I have with my boy
We're too busy having fun fun fun fun fun
