## Deadsy

It was hard to avoid  
I suppose it was the shame  
But they didn't even try  
You see we'd never met And they didn't have names  
There was nothing I could do  
So I turned on the crowd and I screamed, "You and you"  
It could have been you And they seemed to think  
That I looked that way  
Or maybe I was wrong  
So I said, "Do you know Mr. Wall?" And they looked the other way  
And then they smiled at me  
But the police came and I said it was me  
And I just walked away
