Love Has Fallen On Me

Chaka Khan

Love is a burning inside
I never had this feeling before, no
All I know is that it won't let me be myself
Hey, is this really love
Oh maybe that's the reason
I feel so good when you're around
(Feel so good when you're around)
Why can't I remember
The day I melted before your charms
Oh was it way back in September
When you held me in your arms
Now that I see that you're the one for me
It's no more a mystery
Love has fallen down on me
Ooh I'm in love with you
Love has fallen on me
Now I really see
Love has fallen on me

Oh what tender love you bring
No, it's not a game
Oh what tender love you bring
No, it's not a game
Hey what tender love you bring
I fell in love with you
Fell in love with you
One day in September love came falling down on me
One day in September love came tumbling down on me
Ooh what tender love you bring
Oh now Lord I can't, no no,
And I can't believe my eyes
No no one day in September,
It came on down
Oh fallin' down, love came falling all around
I fell in love with you
Fell in love with you
