Don't Go Breaking My Heart

[Atomic Kitten](#)

Everybody told me take it slow
But I thought you were the one for me
Times I felt a little unsure
I thought that we could talk it through
Try to mend this love and carry on
You didn't have to break my heart
It could have happened if you wanted to
I was your girl and I fell for you, my love
Why did you have to hurt me?
You won't see the pain inside
Smile when I walk, I let you decide, my love
Why didn't you stop to love me?
Don't go breaking my heart, I fell for you
I can't take it again, no baby
Don't go breaking my heart, it's up to you
Can't move on 'til you say goodbye, oh goodbye
No one showed me how to walk away
I just told myself, I knew it all
Damn, I learnt a little too late
I should have listened to my friends
Never making that mistake again
You didn't have to break my heart, yeah
It could have happened if you wanted to
I was your girl and I fell for you, my love
Why did you have to hurt me?
You won't see the pain inside
Smile when I walk, I let you decide, my love, my love
Why didn't you stop to love me?
Don't go breaking my heart, I fell for you
I can't take it again, no baby
Don't go breaking my heart, it's up to you
Can't move on 'til you say goodbye
Was it me 'cos I need an answer?
Was my love just a bit of fun?
I feel so confused, I gave you my heart
Told you all I'd done
Should've said that you were leaving
I would just have cried
No, you walked away, without explaining

Can't move on 'til you say goodbye
Don't go breaking my heart
I can't take it again
Don't go breaking my heart, it's up to you
Can't move on 'till you say goodbye
Don't go breaking my heart, I fell for you
I can't take it again, no baby
Don't go breaking my heart, it's up to you
Can't move on 'til you say goodbye
How many times, how many times?
How many times, how many times?
How many times, how many times will I have to say?
How many times, how many times?
Don't go breaking my heart
