How Does It Feel

Mis-teeq

Oh, oh, check it
Hey, Mr. Wonderful
You think you're so beautiful
I bet you nine out of ten would fall
I ain't the one to be the fool
Two days to work you out
At home while you were out
Your last name came about
When my girl's sister's best friend
Talking 'bout how you came 'round
How does it feel
When you're sittin' alone, there's no-one else at home?
It's my time for thrills
Now it's time for you to listen to my answer phone
Ain't no big deal
You're just one of a million guys
Let's keep it real
Your dirty laundry's out to dry
So Mr. Know-it-all
Tell me how many points you scored
While you're clocking the girl next door
I know what you've been doing
To dinner bought her gifts
For afters you were it
I called work they said you were sick
A guy like you will never hit this
How does it feel
When you're sittin' alone, there's no-one else at home?
It's my time for thrills
Now it's time for you to listen to my answer phone
Ain't no big deal
You're just one of a million guys
Let's keep it real
Your dirty laundry's out to dry
How does it feel
When you're sittin' alone, there's no-one else at home?
It's my time for thrills
Now it's time for you to listen to my answer phone
Ain't no big deal

You're just one of a million guys
Let's keep it real
Your dirty laundry's out to dry
Tell me baby, how does it feel?
If you wanna find someone you could call mine
A lady who's right, who'll be there for life
So how will you feel if the truth is revealed?
If you stayed the same you'll be played at your own game
How does it feel? You got no more deal, no
How does it feel
When you're sittin' alone, there's no-one else at home?
It's my time for thrills
Now it's time for you to listen to my answer phone
Ain't no big deal
You're just one of a million guys
Let's keep it real
Your dirty laundry's out to dry
How does it feel
When you're sittin' alone, there's no-one else at home?
It's my time for thrills
Now it's time for you to listen to my answer phone
Ain't no big deal
You're just one of a million guys
Let's keep it real
Your dirty laundry's out to dry
How does it feel
When you're sittin' alone, there's no-one else at home?
It's my time for thrills
Now it's time for you to listen to my answer phone
Ain't no big deal
You're just one of a million guys
Let's keep it real
Your dirty laundry's out to dry
How does it feel
When you're sittin' alone, there's no-one else at home?
It's my time for thrills
Now it's time for you to listen to my answer phone
Ain't no big deal
You're just one of a million guys
Let's keep it real
Your dirty laundry's out to dry
